PROFILE

I'm an aspiring python developer with strong focus on alarge scale data analysis and machine learning and deep learning. I have hands on experience in implementing machine learning models and algorithms.

SKILLS

- **PYTHON**
- **MACHINE LEARNING**
- **DEEP LEARNING**
- **POSTGRE SQL**
- **TABLEAU**
- **BIGDATA**

PACKAGES

- **Numpy**
- **Pandas**
- **Matplotlib**
- **TensorFlow**

EDUCATION

BACHELOR OF ENGINEERING IN PETROCHEMICAL ENGINEERING
JCT College of Engineering and Technology
CGPA:7.64
BATCH:2018-2022

HSC
Vaigai Matric Higher Secondary School
75%
BATCH-2018

SSLC
Bala Gurukulam Matriculation School
90%
BATCH-2016

CERTIFICATE

- Data Science using python in imagecon academy(current)
- Successfully completed "Deep Learning" Course in simplilearn

PROJECT

PYTHON

- Using Tkinter Gui interface developed memory puzzle game
- Using Tkinter Gui interface developed todo-list

MACHINE LEARNING

- Deployment project using Regression and Classification algorithms

DEEP LEARNING

- Image Classification-Using Convolution Neural Network algorithm

INTERNSHIP

DATA SCIENCE INTERN
Imagecon india pvt(FEB 2023-present)
Assisted in developing and implementing machine learning models for real-world applications
