PROFILE

Highly skilled in Node.js and Express.js with a solid foundation in web development using HTML, CSS, and JavaScript. Proficient in database management with MySQL, adept at ensuring seamless integration and data handling. Experienced in graphic design tools like Photoshop and Canva, combining technical expertise with creative capabilities to deliver engaging user experiences. Proven ability to lead projects, solve complex problems, and collaborate effectively within teams.

PROFESSIONAL EXPERIENCE

Web Developer Intern

Render Infotech, Bengaluru (May 2019 - November 2019)

- Designed and developed responsive websites using HTML, CSS, JavaScript, and Bootstrap.
- Collaborated with team members to create visually appealing and functional web pages.
- Implemented interactive features to enhance user engagement and experience.
- Ensured cross-browser compatibility and mobile responsiveness for optimal performance across devices.

Sales and Business Development

Farmoganic Health & Beauty (November 2023- Present)

- Developed and implemented technology-driven solutions to streamline business operations and improve customer engagement.
- Implemented digital marketing strategies, including social media, SEO, and email marketing, to drive online presence and sales.
- Enhanced customer experience through the integration of user-friendly tech solutions and personalised marketing efforts.

EDUCATION

B.tech Computer Science

Sandip University, Nashik (July 2021 - July 2024)

PROJECTS

1. **SINGLE RESORT BOOKING SYSTEM**

- **Implemented** key modules for booking rooms, ensuring a smooth and intuitive user interface.
- **Solved** the critical problem of room booking collision by implementing robust backend logic to handle simultaneous booking attempts by multiple users.
- **Tech Stack:** Node.js, Express.js, MySQL

2. **DOCUMENT MANAGEMENT SYSTEM**

- **Designed and implemented** modules for managing documents within various sub-departments, ensuring users have access based on specific permissions.
- **Ensured** data security and integrity through careful implementation of access control mechanisms.
- **Tech Stack:** Node.js, Express.js, MySQL, Sequelize ORM
