## SUMMARY

Enthusiastic AI Analyst with a BSc in Computer Science, currently pursuing an AI/ML certification. Focused on machine learning and data science, eager to apply theoretical knowledge to develop innovative AI solutions and tackle real-world challenges.

## SKILLS

Technical Skills

Machine Learning | Matlab | Python (Programming Language) | C (Programming Language) | AI & NLP | Microsoft Excel | Microsoft Word | MS Office | SAP S/4HANA

## EDUCATION

Bachelor of Science in Computer Science: Pillai college of arts commerce and science CGPA: Jun 2020 - May 8.02 2023

Computer Science

HSC: G.V.H.S.S, Mulakuzha Jul 2018 - Mar 2020

Science (Physics, Chemistry, Mathematics)

SSLC: St. Anne's G.H.S., Chengannur May 2018

General Education

## INTERNSHIP

Data science Nov 2022 - Dec 2022

Enkay Engineering PVT.LTD, New Panvel

Completed Data Science Internship where I analyzed datasets, developed machine learning models in Python, and visualized data insights. Contributed to data cleaning and dashboard creation, presenting findings to stakeholders to inform decision-making and enhance business strategies.

## CERTIFICATIONS

Diploma in Artificial Intelligence and Machine Learning Jul 2024 - Sep 2024

Advanced Excel Sep 2024 - Oct 2024

SAP FICO S/4HANA Sep 2024 - Dec 2024

## PROJECTS

### Online Bookstore

*Technologies: HTML, CSS, PHP, MySQL*

- Developed a user-friendly website for an online bookstore, enhancing the shopping experience.
- Implemented a search and filter system for easy browsing of books by title, author, and category.
- Built a secure user authentication and registration system.
- Designed a shopping cart and checkout process for fast, secure transactions.
- Managed book inventory, orders, and customer data using MySQL.
- Created an admin dashboard for book and order management.
