# Career Experience

Sr. Software Engineer at CARE Analytics and Advisory Pvt. Ltd.                                  Nov 2019 To Present

During my 5-year journey at CARE Analytics and Advisory Pvt. Ltd, I have worked on various banking domain products. Some projects involved developing products from start to end, while others required gap analysis and upgrading models, followed by implementation.

**Key Result Areas & Responsibilities**:

- **Leading Software Development Lifecycle (SDLC)**: Involved in various stages, including requirement analysis, documentation (functional specifications, technical design), coding, testing, and maintenance of software applications.
- **Requirements Mapping and Solution Design:** Collaborating with clients to understand their requirements and providing suitable solutions. Evaluating the project's scope and finalizing requirements for effective delivery.
- **Project Coordination:** Assisting in managing projects from planning to execution, including conceptualization, technology selection, and implementation while conducting need assessments.
- **Business Strategy Analysis:** Supporting clients in defining their business strategies and determining system architecture requirements to achieve business objectives.
- **Application Development and Support:** Participating in the design, development, testing, troubleshooting, and debugging of software applications. Providing post-implementation support, maintenance, and enhancements to improve product functionality.
- **Project Delivery Support:** Contributing to the delivery of projects, including planning, estimation, scheduling, and risk management. Supporting change control processes and contingency planning.
- **Stakeholder Collaboration:** Facilitating meetings with stakeholders and participating in status meetings with senior management to communicate project progress and manage expectations.

# Education

- Bachelor of Computer Application (BCA), 2016 from Y.C.M.O.U university Nashik.

- HSC, 2013-Higher Secondary Certificate from Mumbai Board.

- SSC, 2011-Secondary School Certificate from Mumbai Board.
