SUMMARY

Front-End Developer with nearly 2 years of experience specializing in crafting pixel-perfect, scalable user interfaces using modern technologies such as ReactJS and Tailwind CSS. Demonstrated expertise in transforming complex designs into seamless and engaging web experiences.

EXPERIENCE

SOFYRUS TECHNOLOGIES

Aligarh, India

Front-End Developer

- Developed responsive and interactive user interfaces using **HTML, CSS, JavaScript, React, and Tailwind CSS**, enhancing website usability and functionality.
- Achieved 99% cross-browser compatibility across projects by leveraging modern CSS frameworks, improving user retention by 15%.
- Implemented **RESTful APIs** integrations, fetching and displaying dynamic data on web pages, resulting in a 25% improvement in user engagement through real-time content updates.
- Led weekly client meetings to provide continuous project updates, address queries, and ensure alignment on progress and deliverables.
- Collaborated with designers and back-end developers to integrate visual and interactive elements into web applications, ensuring cohesive and engaging user experiences.
- Converted Figma designs into responsive and pixel-perfect web interfaces, ensuring accurate implementation of UI/UX elements for seamless user experience in web applications.

SKILLS

- **Core Skills:** HTML, CSS, JavaScript, ECMAScript(ES6+), TypeScript, React, React Native,
- **Frameworks/Libraries:** Tailwind CSS, Material UI, Shadcn/ui, Redux Toolkit, Strapi CMS
- **Tools:** Git, Postman, Swagger, Jira, Trello
- **Soft Skills:** Collaboration, Agile Methodologies

PROJECTS

Inspect This Car (ITC) Web Application ⬀

- Developed a web app optimizing appointment scheduling for vehicle service shops, reducing booking time by 20%.
- Integrated blogging and super-admin updates in Strapi CMS, driving a 25% increase in user retention and trust.
- Enhanced content management efficiency by 30%, delivering a user-friendly interface and significantly boosting platform engagement.

Outsource Management System (OMS) Web Application ⬀

- Developed an "OMS" for a Riyadh-based client, enhancing operational efficiency and record management.
- Enabled super admins to manage employee services, including iqama, visa, health insurance, and payroll options.
- Provided a system for employees to request services, streamlining the process and improving accessibility.
- Implemented tracking of employee records, including expiration dates for visas, iqamas, and health insurance.

Click&Collect E-commerce ⬀

- Designing a fully responsive e-commerce application with interactive product display, shopping cart, and checkout features.
- Integrating payment gateway and implementing user authentication for a seamless and secure shopping experience.

React-Based Portfolio ⬀

- Created a responsive portfolio website utilizing HTML5, CSS3, and Tailwind CSS for a modern, polished design.
- Integrated interactive features and animations with JavaScript and React.js, enhancing user engagement and experience.

EDUCATION

Bachelor of Technology in Computer Science Engineering   **2022**
Dr. A. P. J. Abdul Kalam Technical University.   *Lucknow, Uttar Pradesh*

CERTIFICATES

- **React Front To Back - Full Stack Web Development** - *Udemy*
- **The Complete JavaScript Course 2021: From Zero to Expert!** - *Udemy*
